The fact that a lot of these famous people were related (there's many more than the ones in the above picture) was revealed on a number of sources some years back and then the people involved in this family business were all of a sudden like "wow, we're really related? we didn't know!" (yeah right!)

I won't mind being found to be related to anyone in the world, but please just save me from any link with Madonna and Camila Parker Bowles.

Never thought this day would come, Sasha, but I have to agree wholeheartedly with your statement above!

Now here's a newsflash:

John McCain will be the next US President, and Sarah Palin will be the first female Vice President of the US. Trust me on this one.

Patty

Hahahahahahahahaha

Your are so right. I most certainly deserve this one. And now the American people who are so drawn the charismatic, soon-to-be President Obama will have the last laugh (perhaps), and will be even more drawn to gossip rags which show photos of Hollywood's finest and most immoral frequenting their friend Barack in the White House. The streets will run even redder with the blood of aborted babies....even those born alive through botched abortions, since Barack has stated he will not even endorse a bill to enforce medical care for those babies who survived a "botched" abortion.....they will still, as they are now, be left quietly on a table in a room alone to die.

Satan really is alive and well on planet earth, and especially in America. I hope this time that I am wrong about everything. A year or two will show for sure.

Patty

"And when wicked men abuse and hate you all because of me, blessed, blessed are you." ~~ Jesus

I promise, I trust you on that one, but look what has happened?

As a Mormon, I know a thing or two about genealogy... Here is an interesting tidbit...

Brooke Shields is a descendant of the Prophet Muhammed (pbuh)...

[http://www.livescience.com/history/ap\\_royal\\_roots.html](http://www.livescience.com/history/ap_royal_roots.html)

Anyone can trace their roots to being related to powerful people. My own ancestor owned Staten Island and was Governor of New Amsterdam (New York before the English got it)

It means nothing to anyone, unless that person is a paranoid schizophrenic.

Brooke Sheilds, huh? Now that's an interesting one. I like the study of geneology too, Angela, and have found some really interesting ancestral lines for many people. My father's last name was Page, and he traced his roots to John Page who was a dear life long friend of Thomas Jefferson. They wrote numerous letters back and forth to each other during Jefferson's political career. On my mother's side we know we are Irish as my grandfather is buried in County Ulster. My sister, who married an Englishman and has lived in Poole for over 30 years went there and visited his grave. She was very touched at finding it.

You're right! It really means nothing....just a bit of interest to learn something of our roots.

Peace,

Patty
